

Literature Survey

Literature Survey 1

Paper Title	Web Application Implementation with Machine Learning
Authors	Ankit Varma,Chavi Kapoor,Abhishesk Sharma,Blswajit Mishra
Year Of Publication	2021
Journal	IEEE Conference on Intelligent Engineering and Mangement
Inference	The idea of introducing Machine Learning helps to process data and make an effective outcome

Literature Survey 2

Paper Title	Graphic QR code with the second hidden QR code by code word rearrangement
Authors	Yi – Wei-Juan,Tzren-Ruchou,Chun-shienLu, His-chun
Year Of Publication	2020
Journal	Springer
Inference	The process of double encrypted graphic QR code Thereby enhancing security

Literature Survey 3

Paper Title	IoT Based Automatic Seat Vacancy Detection in Travel Bus Using Cloud Database
Authors	M.Venkatesh, R.Rashia Suba Shree
Year Of Publication	2021
Journal	IJITEE
Inference	The idea to verify whether all booked seats are occupied or not using sensors and making particular seat to enable for rebooking

Literature Survey 4

Paper Title	Design of a Core Software development platform for railway vehicles
Authors	Wei Fan
Year Of Publication	2021
Journal	IEEE Conference
Inference	To develop a new general software platform to design method applied to rail transmit industry

Literature Survey 5

Paper Title	Smart Ticketing System for Railways for Smart Cities Using Software as a Service Architecture
Authors	Ms.Jessica,Mr.Godson,Mr.Anoop,Mr.Lukose
Year Of Publication	2017
Journal	IEEE Conference
Inference	The system will have feature like crowd analysis and suggesting code
